

Northlane Capital Partners makes control investments in North American middle market companies

- Based outside of Washington, DC, our partners have worked together since 2003
- Currently seeking investment opportunities in middle market healthcare and business services companies with enterprise values of \$50-\$300 million

We target platform investments with:

- Minimum EBITDA of \$5 million (no minimum for portfolio company add-ons)
- Defensible market position
- Profitable operating history, high margins, and recurring revenue

Rapid, decisive, experienced execution

- Streamlined decision making with two partners on each deal team

Deep sector expertise in healthcare and business services

- Invested \$1.6 billion in the healthcare and business services sectors
- Extensive network of industry contacts, including current and former portfolio company executives and directors
